

## **Santander (UK) Group Pension Scheme**

### **Can I pay any more contributions to improve my pension?**

You can pay additional contributions to the Life Sight Plan which is a Defined Contribution (DC) arrangement. If you'd like to find out more about the Life Sight Plan, please contact the Scheme's Administrators Willis Towers Watson on 01737 227553.

### **Can I take some of my pension or my Additional Voluntary Contributions as a cash lump sum when I retire?**

At retirement, you may be able to take some of your pension as a cash lump sum. The amount that you can take as a Pension Commencement Lump sum is 25% of the value of your pension fund.

### **How is the pension figure calculated?**

Please see the Scheme booklet for your section for details of how your pension is calculated.

### **How is my Final Pensionable Salary calculated?**

Please see the relevant Scheme booklet for details of how your Final Pensionable Salary is calculated.

### **What happens if I die before I retire?**

A lump sum may be payable to your nominated beneficiaries at the Trustees discretion, along with pension income for your spouse and/or dependants in the event of your death. Please see the Scheme booklet for your section for information on this benefit.

### **I don't have a spouse, so who would any income be paid to?**

If you have a dependant and/or children then they may be entitled to on-going income when you die. See the Scheme booklet for your section for information on this benefit.

### **Can I transfer my benefits to another scheme?**

It may be possible to receive a Cash Equivalent Transfer Value and have this paid to another pension scheme, if they're able to accept them. It won't be in the best interests for most members to transfer benefits out of the Scheme to a Defined Contribution arrangement. We recommend taking, independent financial advice before making a decision on transferring. This is a legal requirement for transfers of over £30,000. This advice must be from a professional financial adviser, authorised by the Financial Conduct Authority (FCA).

**Does this figure include the pension I transferred from another scheme?**

The pension figure does include any benefits transferred from another scheme.

**Can I retire before my Scheme Retirement Date?**

You may be able to take early retirement if you are over age 55 (age 50 and above applies for N&P and SPI Prolific members). However, your benefit would be reduced because it is being paid early and for a longer period.

**Can I take my pension and continue working?**

Yes, if the Company agrees you can take your pension while you are working. You can't re-join the Defined Benefit Section of the Scheme but you'll be able to join the Defined Contribution Scheme which will also maintain Death in Service life cover.

**Can I continue to build up more pension after age 65?**

Yes, if you are still working for the Company after age 65 you can continue to build up more pension entitlement, up to the Scheme maximum. Please see the relevant Scheme booklet for further details.

**Can I opt-out of the Scheme whilst remaining in employment**

Yes. You should contact the Scheme's Administrators JLT if you would like to opt-out. Auto-enrolment legislation requires that every three years, you'll be automatically enrolled into your company pension scheme if eligible and you'll need to opt-out on each occasion if you don't want to join the Scheme.

**Will my employer pay into a different Scheme for me?**

Your employer will only make contributions into the Santander pension arrangement that you are eligible to join.

**What happens if I die before I retire?**

There will be benefits payable to your beneficiaries. You should keep your Expression of Wish information on Benpal up to date to help the Trustees in making their decision. More information about these benefits can be found in the Scheme Booklet held within the Scheme Documents section.

**Where can I get more information about my benefits?**

Look in the Scheme Documents section.

## Your Estimated Transfer Value

### Important notes

Please make sure that you have read all of the information on the transfer quotation page.

If you decide to proceed with a transfer, you should contact the Santander Support Team on **01689 887500** or at [spu@jltgroup.com](mailto:spu@jltgroup.com). Please be aware that the process for transferring benefits can take more than 6 months from the date of the request.

Once you've provided us with all the required documents, it's sometimes still necessary for us to request further information before the transfer can proceed. For example, if you're proposing to transfer your benefit to a Defined Contribution (DC) scheme and your transfer value is more than £30,000, we'll need written proof that you've taken advice from an independent financial adviser, as described below. If we have any queries regarding your transfer value, we will contact you as quickly as possible.

### Advice

It is highly recommended that you seek independent financial advice before making a decision to transfer your benefits out of the Scheme because you could be giving up valuable guarantees and additional benefits.

The law requires that members transferring from a Defined Benefit (DB) scheme to a Defined Contribution (DC) arrangement with a transfer value of more than £30,000 must take independent financial advice before a transfer value can be paid.

There are many reputable financial advisers who can help you with this decision. The FCA website (<http://www.fca.org.uk/>) includes information to help you find an adviser.

### Where can I get more information or ask questions?

General information which may assist with the decision on taking a transfer value is available from the following contacts:

Financial Conduct Authority (<http://www.fca.org.uk/>) - 0800 111 6768

The Pensions Regulator ([www.thepensionsregulator.gov.uk](http://www.thepensionsregulator.gov.uk)) - 0845 600 0707

The Pensions Advisory Service (<http://www.pensionsadvisoryservice.org.uk/>) - 0300 123 1047

It will not be in the best interests for most members to transfer benefits out of the Defined Benefit Scheme to a Defined Contribution arrangement. We would recommend that you take appropriate, independent financial advice before making a decision on transferring. This is a legal requirement for transfers worth over £30,000 from a Defined Benefit Scheme. This advice must be from a professional financial adviser, authorised by the Financial Conduct Authority (FCA).

The FCA website (<http://www.fca.org.uk/>) includes information to help members find an adviser.
